**A composition of  
120 shipping containers,  
Boxpark fuses retail  
and entertainment**

**Halide Edip  
Adivar Mosque  
by Manço Architects**

Manço Architects' competition entry for a contemporary mosque features a simplified interpretation of motifs used in Islamic art; a seemingly random pattern of triangular cutouts in the various façades allows daylight to enter the building.  
*Competition entry*  
Istanbul, Turkey
